Chapter 8: Comprehension Questions

1. What is the role of feedback in a system of assessment?
2. Using the five-point scale described in the chapter, what does a score of 3.0 indicate? 2.0? 4.0? 1.0? 0.0?
3. When might it be appropriate for a teacher to use a traditional, selected-response type of test?
4. What are some constraints that a teacher should be aware of when using teacher observation and perception?
