

Build a foundation for meaningful coaching

BKL013 \$34.95
ISBN 978-0-9833512-6-9

A must-have resource for coaches, leaders, and teams, this book covers approaches for boosting professional growth and macrostrategies that are responsive to student needs. Learn how to offer targeted feedback to teachers, empowering them to identify how they can improve their knowledge and skill. Step-by-step guidelines will help teachers increase their performance on the 280 research-based strategies from *Becoming a Reflective Teacher*.

Benefits

- Learn how coaches can help K–12 teachers employ the 41 elements of effective teaching in their classrooms using over 280 research-based strategies.
- Explore research, teacher actions, desired student responses, extra support/scaffolding, and extensions for each of more than 280 strategies.
- Examine various ways schools and districts can provide coaching to teachers.

“This book will help educators raise their awareness of critical elements that impact the effectiveness of classroom instruction. Regardless of one’s coaching model, awareness of these elements will contribute positively to the design-thinking process.”

— Bob and Megan Tschannen-Moran,
coauthors of *Evocative Coaching*
and cofounders of the Center for School Transformation

Coaching Classroom Instruction Workshop

Provide targeted, constructive support for instructional change. Coaching can play a significant role in broadening educators' instructional repertoire and improving both teaching and learning. Effective coaches build positive relationships and follow protocols that lead to lasting changes in classroom instruction. This workshop provides instructional coaches and administrators with step-by-step guidelines for working with teachers to increase their effectiveness.

Make a connection that makes a difference. Learn strategies for offering targeted feedback, nurturing the drive for self-improvement, and engaging teachers in the process of growing their professional knowledge and skills. Empower teachers to respond to student needs, and you will help them experience success in the classroom.

Learning Outcomes

- Discover a range of models and techniques for providing coaching support.
- Learn how to help teachers employ 41 elements of effective teaching in classrooms.
- Explore the research, teacher actions, desired student responses, scaffolding techniques, and extensions for more than 280 instructional strategies.
