

Identifying the Stages of Learning

For each of the following learner answers, identify the stage of learning you would think learners were in if they provided the answer to the reflection prompt. Include your reasoning for why you would think that.

1. Beginning stage
 - Orientation
 - Planning and developing goals
2. During stage
 - Verification
 - Regulation
3. After stage
 - Evaluation
 - Self-regulation

Learner Answer	Stage of Learning	Reflection Skill	Reasoning
I am heading down the right path because the foundational knowledge I am accumulating is making my goal clearer.			
In order to answer this driving question, I will need to learn about how a bill becomes a law.			
Today, I did a great job on the playground during recess. I was able to join the line when the teacher said it was time to go in.			
Today, I learned that I can apply my knowledge of addition to help explain multiplication.			
I reviewed the piece of music, and I estimate it will take about four hours for me to get the fingerings down. I should start this weekend.			
I did not get the results I expected. I do not think the teacher will ever be able to clean the mess.
