**How Am I Doing?**

<b>Managing response rates</b>	I adapt and create new strategies for unique student needs and situations.	I use response-rate techniques to maintain student engagement in questions, and I monitor the extent to which the techniques keep students engaged.	I use response-rate techniques to maintain student engagement in questions, but I do so in a somewhat mechanistic way.	I use the strategy incorrectly or with parts missing.	I should use the strategy, but I don't.
