

**Design Question:** What will I do to help students practice and deepen their understanding of new knowledge?

#### 14. What do I typically do to review content?

The teacher engages students in a brief review of content that highlights the critical information.

##### Teacher Evidence

- Teacher begins the lesson with a brief review of content.
- Teacher uses specific strategies to review information:
  - Summary
  - Problem that must be solved using previous information
  - Questions that require a review of content
  - Demonstration
  - Brief practice test or exercise
- When necessary, the teacher reteaches basic information or skills.

##### Student Evidence

- When asked, students can describe the previous content on which the new lesson is based.
- Student responses to class activities indicate that they recall previous content.

#### How Am I Doing?

	4 Innovating	3 Applying	2 Developing	1 Beginning	0 Not Using
<b>Reviewing content</b>	I adapt and create new strategies for unique student needs and situations.	I engage students in a brief review of content that highlights the critical information, and I monitor the extent to which students can recall and describe previous content.	I engage students in a brief review of content that highlights the critical information, but I do so in a somewhat mechanistic way.	I use the strategy incorrectly or with parts missing.	I should use the strategy, but I don't.
